

# Sizing Guide

# Style 6

Place your rear seats in the down position, maximizing your vehicle's cargo area. Using a tape measure, record the following dimensions on the drawing above. Round all measurements to the nearest quarter inch. *All measurements are in inches.*

- (A) Width of your rear seats, measured along the top of the backrest.
- (B) Width of the left rear seat, measured along the top of the backrest.
- (C) Length of your cargo area, including the backrest of the rear seats. Measure from the top of the rear seat to the back of your vehicle.
- (D) Height of your seats, measured from the top of the backrest to the seat fold.
- (E) Width of your cargo area between the wheel wells.
- (F) Distance from the back of your vehicle to the front of the wheel well.
- (G) Distance from the back of your vehicle to the back of the wheel well.
